

# Subject Experiences Sheet

For  
D&T

1	To design my product using year group appropriate questions and detailed pictorial representations.
2	To look at existing products and use these to inform my ideas in my own plans.
3	To use a range of year group appropriate tools and materials to create my product. This will include 1 larger project.
4	To evaluate my own and other's products using year group appropriate questioning.
5	I will be able to build on the previous year groups learning to talk about the benefits and importance of a nutritional diet.  KS2 – To complete 1 cooking project including all 3 stages (design, create and evaluate).
