

# Oh so yummy!

Christmas resource  
Extended Code Unit 4: /oe/

Written and illustrated by Laura Walker

Joe and his Mum bake loads of great cakes at home over the holidays. They make a cake with raisins and nuts for Christmas Day. The process is slow but hopefully it will pay off! On Christmas Eve, they top it off with a sprig of holly.

Tam goes to play with mates on Christmas Day and then has them and their folks to her home for a picnic. Tam has made a big cake with frozen berries called a pavlova. It tastes fantastic and is nice and cold on the hot day!

Kate and Maya bake cupcakes and top them off with shapes such as snowflakes and Christmas trees. They have so much fun decorating.

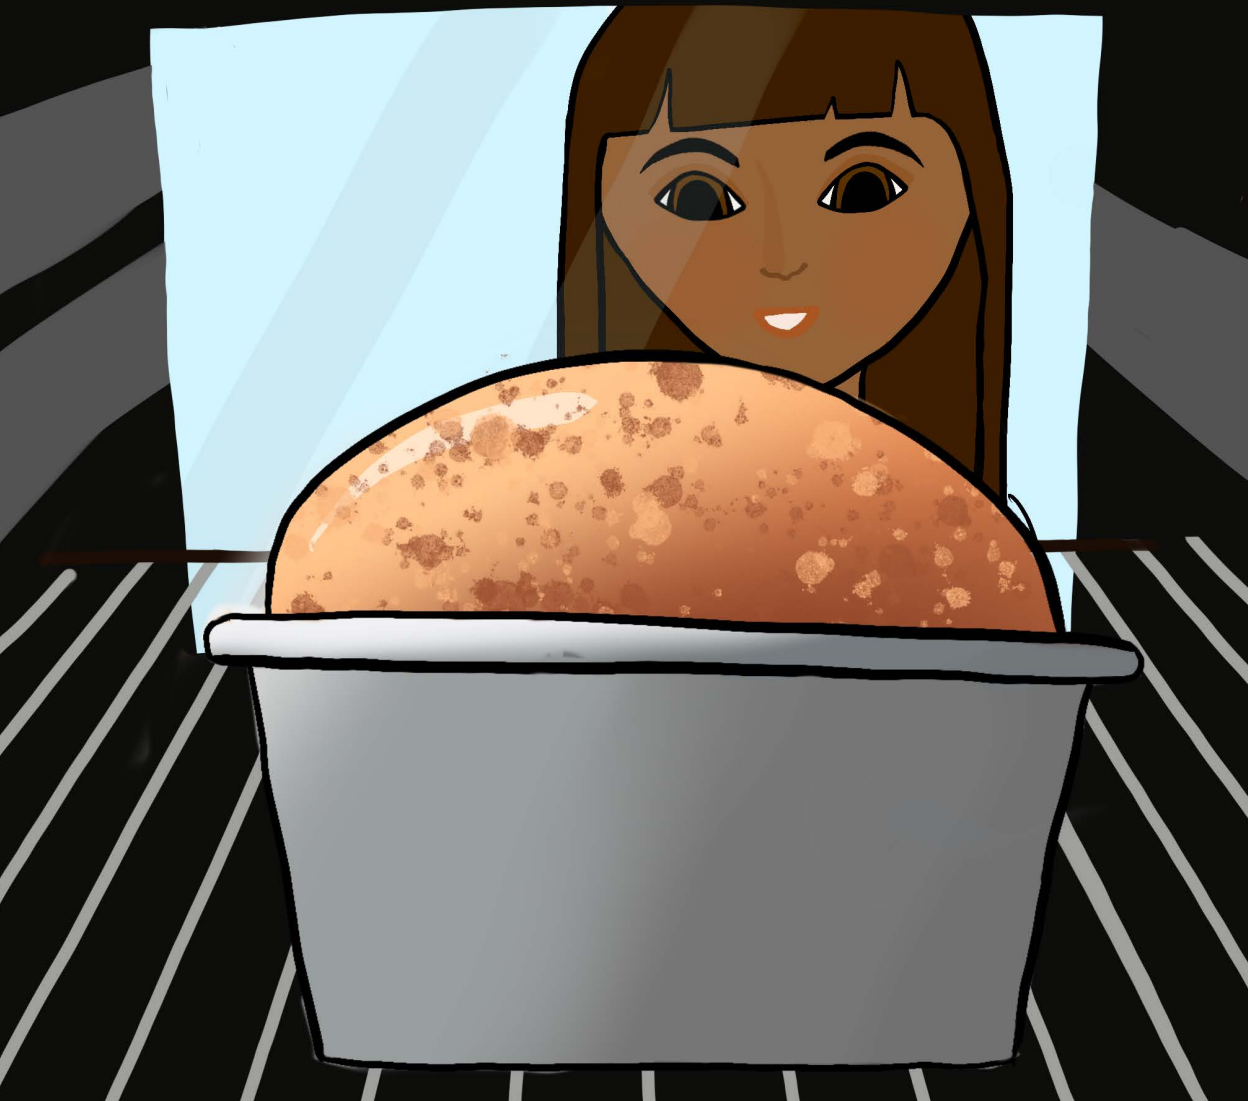

Will and his dad make yellow Dutch buns. They roll them into fun shapes and bake them till they grow big and soft, and glow in the oven window.

Tony makes a flan with egg yolks. It is creamy below, with rich caramel on top. For the Christmas meal, his family always follows the main dish with a sweet flan.

Joan helps frost a chocolate log the way she is told. She rolls the shallow cake well and holds a spatula to shape the frosting. Then she coats it with a dusting of cocoa. Joan knows it will taste great.

Tess makes a cinnamon loaf. She folds in the eggs and the rest of the things in a bowl and bakes it slowly in the oven.

‘Smells fab!’ say Tess’s Mum and Dad.

‘Don’t open the oven yet!’ yells Tess.

Are you going to have a go at making holiday cakes? Show us what you can bake!
