

# Parent / Carer Views & Opinions about Chadsmoor Community Nursery...

PLEASE COMMENT IN THE BELOW SPACE....

The Nursery has provided a safe and happy environment for all of my children. The hard work and dedication of the staff is excellent.

The high standard of teaching and support that is shown to not only the children but us as parents is excellent.

I am so proud of what my children have achieved through the year, and look forward to the next few years at Chadsmoor infants.

Omar has had a fantastic time at nursery and we're over the moon with all that he's achieved. Because everything he's done seems to have been done through fun, active and interesting ways, Omar has loved every minute - his learning hasn't been confined just to nursery as he's brought everything home with him. Not just the material things, but the new experiences, new knowledge and the new understanding he has.

Communication has been excellent between myself as a parent and the nursery staff. Throughout the year I have known what topics my child has been learning through various ways, stories or my child, which has not only informed me, but also given my child praise and encouragement.

The standard of teaching has been excellent which is obvious when seeing what my child has achieved in just twelve months.

My child has thoroughly enjoyed his time at nursery, the provision available to him have been fantastic inside and outside the nursery. The obvious structure, standards and efforts of the nursery staff with all children are a great credit to themselves.

He obviously listens well to Mr Brown + Mrs Chamberlain as he comes home and repeats things that we at home have never covered. (i.e. dinosaur names, countries etc.).

I am very pleased how he has progressed over the year and we owe Mr Brown and Mrs Chamberlain many thanks.

The home/school relationship is fantastic - we are kept well informed about their development and achievements within nursery at all times. It is so nice to read the many stickers and find out what they have done at nursery that day.

The events that we are invited in to watch - eg. harvest, Christmas and sports day - are excellent. Always a pleasure to watch and the children enjoy performing so much. We are aware that these are not a part of the curriculum and they are only put on due to the extremely hard work that the nursery staff put in.

Overall the Nursery year has been amazing - for both Megan and us - and she could have not had a better introduction to school life.

The standard of teaching is excellent and I feel that our children are very privileged to attend Chadmoor Nursery under the excellent leadership of Mr Brown. The children enjoy the diversity of activities and learn in an unpressured environment whilst maintaining order and good behaviour. The nursery staff are always friendly and approachable. I have always felt happy to discuss any problems etc my questions or concerns have always been dealt with with understanding and a caring attitude - which is very important when we are leaving "our babies" in such a "grown up" environment.

From the first day Chloe has absolutely loved going to school. She has always come home with a smile on her face, ready to tell me what she has learnt that day (and it's been lovely having the sticky labels, especially on the day she can't quite remember!) I am really pleased with what she has accomplished and that is also thanks to her excellent teachers.

If there is anything I feel I need to talk to the teachers about regarding Chloe they are always there to discuss it, and have always made the time to talk to me if they have any concerns regarding Chloe.

The range of things that Chloe learns is fantastic, from counting + the alphabet, to growing sunflowers and learning about Chinese New Year!!

My opinion of the nursery is excellent. My son has learnt a lot since starting there in September 2009. He looks forward to going not only to see his friends but the staff as well. Indoor + outdoor activities are excellent & keep the children interested in everything they do. They find fun ways to learn the children. The staff are always there to help with any questions you may have or problems. My daughter went to the nursery as well & she has never forgotten her time at nursery which is 7 years ago.
